

### Standard Patch Cords

As an integral part of the TrueNet® Fibre Connectivity product portfolio, ADC KRONE's multimode and singlemode fibre optic pigtail and patch cords assemblies are essential to meet the requirements of today's high-speed data networks.

- Multiple cable types and connector types available to provide one-stop cable and connectorisation source.
- LSOH Construction
- Readily available in LC, SC, MTRJ and ST combinations in standard lengths of 1, 2, 3 and 5 metre.
- Offered in standard glass types of OM3 (50 micron, laser optimised to 300 metres), OM1 (62.5 micron) and OS1 (9 micron).
- 100 percent optically tested.
- All patch cords are shipped with insertion loss tests for individual cords.
